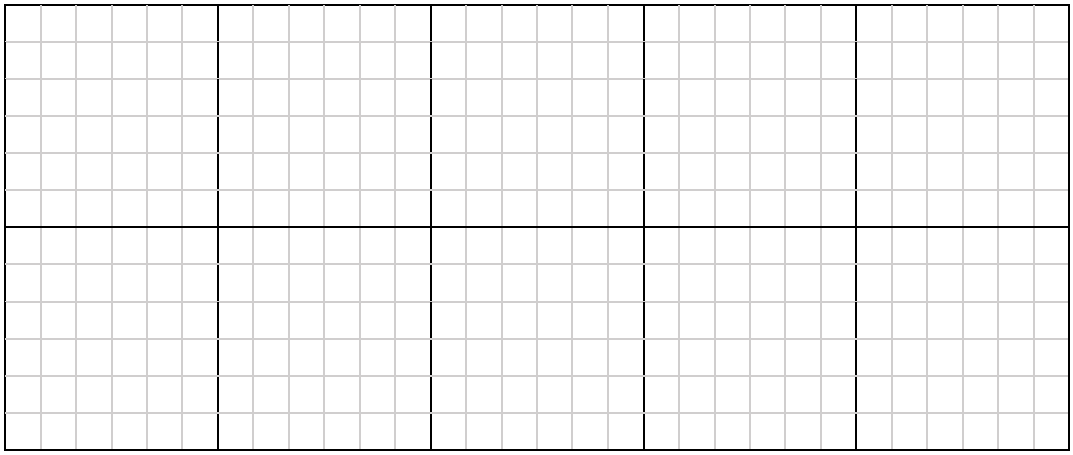
Pick and choose the formative assessment questions that fit your classroom needs.

What are the three smallest bones in the body?

Name two things you found interesting about the parts of the ear.

Draw and label frequency waves for the following sounds: M, SH, T



Would the sounds be high or low pitch? Circle the correct answer, then state your reasoning.

M: high low Why?

SH: high low Why?

T: high low Why?

What is an example in your everyday life that would have 0 dB? 120 dB? (dB = decibels)

Name two ways to conserve your hearing.
